## Early Settlements and Civilization

**\*\*Use pages 6-7 in your Atlas of World History to find the following information and answer the questions.**

1. Trace the routes of early human migration on the map.
2. What basic route did early humans follow across the globe?
  1. Started in
  2. Next moved to
  3. Then
  4. Then
  5. Then

3. How did the climate (Ice age, sea ice, water levels) influence early migration around the globe? Come up with at least two ideas.

4. Create your own mini timeline like the one on top of pages 6-7. Pick **four** of the most important events from the timeline to include on your own. Include dates and short descriptions.

5. Using the information you have gathered in your atlas and your own thinking, what are **3 inferences** you can make about why people migrated to different parts of the globe.

- 1.
- 2.
- 3.
